ten tons against me and you've gone  
I put your favorite records on  
and sit around  
it spins around  
and you're around again  
struck dumb while drugs run at how high reeds  
cue every memory at half-speeds  
just like....charles, hold-me-downs  
I'm-coming sounds  
cut crap, who's filling shoes like these anymore?  
past clumsy crushes beneath Thrill Pier  
hopes pinned to poses honed in men's room mirrors  
a sophomore at Brown  
she worked Lost & Found  
I put your face on her all year  
from five rows of photos when you wrote  
of posed you, dressed blue, a backyard boat  
signed at the bottom with this quote:  
(#4 North Shore) a cape may address  
your new one I guess  
'all's well in hell and all here's hoping'  
she sends kisses  
some signed 'with Love, Beth oooooo xxxxx'  
she sends kisses  
same old beth - some signed 666  
our shore town knockdown sure was fun  
yeah, white trash, what have you  
I fired replies back gun by gun  
past Seven Wrecks I read your four answers: 1. your  
move 2. I'm tres involved 3. move on 4. love, Beth  
I walk it down  
this tourist town  
'just thought I'd' calls  
just friends  
she sends kisses  
and all at once back doors blow open  
she sends.... in envelopes stamped w/ 'Hope & Hearts' -  
ripped right open  
she sends...  
but I'm corrupt - I wrote back good luck
