I know you don't feel the way you used to
You did the best you could, I know you tried
Oh, honey, don't you feel too bad
I ain't really all that sad
I've been down this road a million times

A few hard days and it will all be over
I read all the books on getting by
Oh honey, if you see me cryin
Don't you worry, I'll be fine
I've been down this road a million times

And let me make just one thing clear
My heart won't lie about the way i feel
I've taken all the love I could possibly steal
I've been down this road a million times

If you ever get to feeling lonesome
I'm just around the way come on by
It's okay if you don't stay long
I'll be fine on my own
I've been down this road a million times

It's okay if you don't stay long
I'll be fine on my own
I've been down this road a million times
I've been down this road a million times
Oh I've been down this road a million times
