I don't like the way you've been treating me lately  
I can't stand to hear you talk  
One of these days you're gonna drive me crazy  
You're almost there you could probably walk

We're on the rocks  
On the rocks

You're like some child always playing your games  
I never knew a man who could be so wrong  
I'm warning you honey if that's your real name  
You can call me whatever you want when I'm gone

We're on the rocks  
On the rocks

instrumental

I don't know why I made you my baby  
Who you callin baby you made me your wife  
Some best man he didn't even try to save me  
I can't believe I gotta spend the rest of my life

On the rocks  
On the rocks

You don't even know what I like in my coffee  
You don't even know how I take my tea  
Just once I wanna hear you tell me you're sorry  
What's the use baby we'll always be

On the rocks  
On the rocks  
On the rocks  
On the rocks  
On the rocks
