Memphisized

By The WTL Club

I've been Memphisized

From the east-side to the low-end

And now i'm back again

To get Memphisized

We got the Grizzlies

And Redbirds too

You gotta check-out the Memphis Zoo

To get Memphisized

Medical Science that's state-of-the-art

And medical doctors who are very smart

Golf parks, country clubs....

We got the boy scouts and the cubs

In the middle of it all

The Bluff City is standing tall

When you visit you'll have a ball

Come on ya'll and get Memphisized

Every kind of food that you could wish

Down-home care put into every dish

A library that's second to none

Come on ya'll and have some fun and get Memphisized  
Its' time you get Memphisized  
When the weather gets strong and tough  
We're protected by giant bluffs  
Still, we take it allin stride  
We even have a pretty riverside  
Big Muddy, our buddy  
Commerce and trade  
We've got it made  
You outta get Memphisized  
You can go downtown and just walk around  
Gibson guitar is making a beautiful sound  
Memphis in May  
Its' like a month long holiday  
It's time to get Memphisized  
Treat yourself to a first-class prize  
A city that's expanding in size  
You won't believe your eyes  
It's better than a winning bet  
Memphis, it's the best thing yet!
