I can take the pressure, can you take the pressure?  
I can take the pain, can you take the pain?  
I can take the beginning and I can stand until the end  
Can you take the beginning and stand until the end?  
(3X)

Can you take the f\*\*\*ing pressure?  
I doubt it  
Can you take the pain?  
I doubt it  
(2X)

You haven't got the character to take the pressure  
You wouldn't stand  
(2X)

I can take the pressure, can you take the pressure?  
I can take the pain, can you take the pain?  
I can take the beginning and I can stand until the end  
Can you take the beginning and stand until the end?
