(Verse)

I just want us to be everything we suppose to be
You should love where you're at and if you're with me
let me hear you clap
We're still young we've all loved
'Cause you can never really get enough

(Pre-Chorus)

Ok , come on, let's roll
You should come with me
Leave all of these behind
'Cause we are everything
All day ,all night let's ride
Through them purple skies
Me and you

(Chorus)

Let's make a getaway
Make a getaway
Let's make a getaway
Make a getaway
And it's just no stopping us now
Ain't no holding us down
We leave for the day
So let's make a getaway

(Verse)

All our lives passing by
So don't be sorry if you let it go
Take control it's your world
But you gotta go and get it girl

(Pre-Chorus)

Ok , come on, let's roll
You should come with me
Leave all of these behind
'Cause we are everything
All day ,all night let's ride
Through them purple skies
Me and you

(Chorus)

Let's make a getaway
Make a getaway
Let's make a getaway
Make a getaway
And it's just no stopping us now
Ain't no holding us down
We leave for the day
So let's make a getaway

(Bridge)

You , me , wild and free
Ain't nobody looking over our shoulders
Let's be who we wanna be
Ain't no rules fuck what they told you

Take it all around the world, world
Take it all around the world, world
Take it all around the world, world
And if you're with me come on
Take it all around the world, world
Take it all around the world, world
Take it all around the world, world
And if you're with me come on
Come on,

(Chorus)

Make a getaway
Make a getaway
And it's just no stopping us now
Ain't no holding us down
We leave for the day
So let's make a getaway

Make a getaway
Let's make a getaway
Make a getaway
Let's make a getaway
