Gravity can pull me down,  
From where I am with you right here right now,  
We're too far out.  
When we collide my world shakes,  
And when you're gone,  
My heart can take and break,  
It stings and aches.  
(Chorus repeats x2)  
Cause I'm in love now,  
I'm in love with you girl,  
There's no one else out there for me in this world,  
Oh oh want to let you know,  
Oh oh turn on your radio.

Now don't you always pick a fight,  
Like every other day before you were right,  
You make it all seem right,  
Don't wake me up if it's a dream,  
Cause I don't know how I would get through this,  
If you're not real.

Cause I'm in love now,  
I'm in love with you girl,  
There's no one else out there for me in this world,  
Want to let you know,  
Oh oh turn on your radio.  
Cause I'm in love now,  
I'm in love with you girl,  
There's no one else out there for me in this world,  
Oh oh want to let you know,  
Oh oh turn on your radio.

I'm flying up, I'm in a cloud, with you tonight  
(Chorus repeats)  
Cause I'm in love now,  
I'm in love with you girl,  
Cause I'm in love now,  
I'm in love with you girl  
There's no one else out there for me in this world,  
Want to let you know,  
Turn on your radio.

Cause I'm in love now,  
I'm in love with you girl,  
There's no one else out there for me in this world,  
Want to let you know,  
Oh oh turn on your radio.
