I've got you under my skin
I've got you deep in the heart of me
You're so deep in my heart, that you're really a part of
me
I've got you under my skin

I've tried so not to give in
I've said to myself this affair is never gonna go so well
But why should I try to resist, when baby I know damn
well
That I've got you under my skin

I'd sacrifice anything come what might
For the sake of having you near
In spite of that warning voice that comes in the night
And repeats, how it yells in my ear

Don't you know little fool, you never can win
Use your mentality, step up to reality
But each time I do, just the thought of you
Makes me stop before I begin
'Cause I've got you under my skin

I'd sacrifice anything come what might
For the sake of having you near
In spite of that warning voice that comes in the night
And repeats, how it yells in my ear

Don't you know little fool, you never can win
Why not use your mentality, wake up, step up to reality
But each time I do, just the thought of you
Makes me stop before I begin
Because I've got you under my skin
And I like you way under my skin
