She's got that sunshine in her eyes  
Every time she says hello, I go yellow inside  
Oh no, oh no  
Here comes that line  
"Yannick, you're my best friend  
Tell me what you think of my new guy"  
Oh, how can I tell her  
She's the fire, my burning flame.

She's got me like a rock without the roll  
She's got me like a song that's got no soul  
And she don't know it  
And she don't know it

She's got me like a heart without the beat  
Now baby I'm a lock without a key  
And I can show it  
And she don't know it  
Oh no no, she don't know it  
Yeah yeah yeah  
(She don't know it)

When you're close, so close to me  
I light up like a furnace, all I wanna do is hide away  
What can I say  
There's nothing that I wouldn't give to be a fresh face  
in a day  
Oh, I'm living a lie  
Since I saw her  
In a different light

Cause she's got me like a rock without the roll  
She's got me like a song that's got no soul  
And she don't know it  
And she don't know it

She's got me like a heart without the beat  
Now baby I'm a lock without a key  
And I can show it  
And she don't know it

Oh, I wanna take you by surprise  
While time is on my side  
Or before it's far too late  
There's something I must say

She's got me like a rock without the roll  
She's got me like a song that's got no soul  
And she don't know it  
And she don't know it

I feel like The Police without The Sting  
I feel like Ali G without the bling  
Feel like the 99 without the flick  
Don't wanna make a big big big big big mistake  
Yeah yeah oh yeah yeah yeah yeah

Oh, cause she's got me like a rock without the roll  
She's got me like a song that's got no soul  
And she don't know it  
And she don't know it  
Oh no no no  
She don't know it
