Watching the sun rise above the sky line
of the city, yeah, yeah, yeah
The urban landscapes, pacific highways
They're calling for me, yeah!

Bridge:

Do you understand, it's in our hands
Are you ready? Cause I'm ready!
We'll be gone tonight when the stars will light
Are you ready, ready!

Chorus:

Tonight we're breaking away
And we live in this world behind us
Just for one day!
We're 25 lightyears away
Breaking awayyy!
And we'll live in this world behind us
Just for one day!
Can you hear me?
25 lightyears away!
Oh, oh, oh!

We're on a wave ride
Across of the state of line
Beyond the city yeah, yeah
A global playground,
for those that dread sound
Like a symphony!

Bridge:

Do you understand, it's in our hands
Are you ready? Cause I'm ready!
We'll be gone tonight when the stars will light
Are you ready, ready!

Chorus:

Tonight we're breaking away
And we live in this world behind us
Just for one day!
We're 25 lightyears away

Breaking awayyy!
And we'll live in this world behind us
Just for one day!
Can you hear me?
25 lightyears away!
Oh, oh, oh!
