

## Yardbirds, The "Crying Out For Love"

Visit "[Crying Out For Love](#)" on MotoLyrics.com

You made it very clear  
How you feel about  
The way you put me down  
When ever I'm around  
What your thinking of  
Your crying out for love  
crying out for love

Your bitter words today  
Are another way  
Of hiding how you feel  
Hiding what is real  
What your thinking of  
Your crying out for love  
crying out for love

The love you need so much  
You push away  
All the gold you touch  
Might as well be Clay  
What your thinking of  
Your crying out for love  
crying out for love
