If I could, I'd wrestle with the angel
Until You bless me
I'm coming through, banging at the doorway
Oh let me in

You know that I want You with all my being
Searching with all the strength that's in me
I'm seeking to find You but You can't be found
But I can't wait until the morning comes so

Shine, shine into the darkness, Lord
Shine, to us

I've scaled the walls and hunted through the city
for my lover
Climbed the towers in my desperation to have You near

You know that I want You with all my being
Searching with all the strength that's in me
I'm seeking to find You but You can't be found
But I can't wait until the morning comes so

Shine, shine into the darkness, Lord
Shine, to us
As a sign in the sky, as a beacon of light
As the brightest of fires in the depth of the night so,
Shine, to us

If I could, I'd wrestle with the angel
Until You bless me
I'm coming through, banging at the doorway
Oh let me in

Shine, shine into the darkness, Lord
Shine, to us
As a sign in the sky, as a beacon of light
As the brightest of fires in the depth of the night
As a sign in the sky, as a beacon of light
As the brightest of fires in the depth of the night so

Shine, tonight

Thanks to melody
