"Slow Train To Nowhere"

I'm on that slow train to nowhere
and I'm coming straight, straight for you
I'm on that slow train to nowhere
and I'm coming straight, straight for you
I saw that you switched tracks Baby
and I saw that you were just passing through
(and that aint cool!)

-----lead-----

I'm on that slow train to nowhere
and I've finally reached the end of the line
I'm on that slow train to nowhere
and I've finally reached the end of the line
You know that I've been going nowhere
And I've just been wasting my time....
