Take your time, it's the middle it dropped, just open up
your heart
Free tonight, is the difference you can sleep now when
it's dark

Take your time, it's the middle it dropped just open up
your heart
Free tonight, is the difference you can sleep now when
it's dark

And I'll see it, and I'll see it takes away
And I'll see it, and I'll see it
This is a fact, it's a fact, it's a fact, it's a fact
She's on her way it's true
She's on her way it's true hahaha...
