I like to dream about the Beatles  
I also ponder issues like Pete Best  
I watch my poster fill up with dart holes  
But I dream too much

I wonder if I'll ever be a hero  
I wonder if I'll measure up to zero  
But either way I'm really 10 feet tall  
With no shame at all

I'd like to sing as good as Sinatra  
And I used to think I could be an astronaut  
I chuck my demo tape at the TV  
But I think too much

I wonder if I'll ever be a hero  
I wonder if I'll measure up to zero  
But either way I'm really 10 feet tall  
With no shame at all

No one hears me  
'Cause no one's there  
I'm lost in nowhere  
But I know I'll  
I know I'll be fine

My pez reality dispenser's empty  
But I just don't care

I wonder if I'll ever be a hero  
I wonder if I'll measure up to zero  
But either way I'm really 10 feet tall  
With no shame at all

No shame at all  
No shame at all  
No shame at all  
No shame at all
