He waits for the dawn in anticipation.  
The time has come the end is near.  
Drops of water turn red as they fall to the ground!  
The unaffected shed their tears as his blood runs cold!  
His eyes turn outward his empty gaze it catches mine,  
as he tells me,

This is your chance to die!

There is no other time,  
there is no other way,  
we are all what we become.  
Dust to dust,  
earth to earth,  
give all or give nothing.  
I won't let my chance pass me by,  
this is your last chance to die!

In your life there is just one chance to make it right,  
it's your chance, your chance to die!  
Don't hold back,  
give it all you got  
and make it right  
just one chance  
chance to die!  
this is it!  
Your last chance to die!

This is Your Chance to Die!
