The sky turned red this morning
As you lost your way
Sun rays melt your face
As you tremble in pain

The Sky Bleeds The Rain
And I Won't Forget Your Pain

Nature takes love from others
It has taken you away
As the mountains cry the rivers
You lay there today

The Sky Bleeds The Rain
And I Won't Forget Your Pain

The Sky Bleeds The Rain
The Sky Bleeds The Rain

Loneliness surrounds you
As you breathe the icy air
You cast your face upon me
A blank and hollow stare

Escape this black affinity
I see your drowning eyes
Kiss the sky and you'll never die
Let the sun shine

The Sky Bleeds The Rain
And I Won't Forget Your Pain
The Sky Bleeds The Rain
The Sky Bleeds The Rain

This day I found the colors
This pattern in your eye
Bringing us together
As the clouds touch the sky

I carried you across the river
I found my way

This path that lay before me
I carried you away

The Sky Bleeds The Rain
And I Won't Forget Your Pain
