[Hook]

I'm coming up, and I ain't coming Down
It's Rio till' I die forever reppin' my town
Come on, Modafokas Come on
If I had a shot, I'd give it all I got
Gotta let em' know that I Rock
Modafokas Come on! Come On!

[Verse 1]

Tudo de ja se faz
Tudo de esta vendendo
Crescendo fui vendo, artistas bem pequenos
Perderem a juventude pra dizer que estão vencendo,
eu não entendo
I really don't Get it
Had it! Can't cash fun to my debit
So I choose my crew with booze and lettuce
Who's embarrassed, to roll with Jos can fuck off
I don't have time for these motherfucking jack-offs
I'm doctor Evil, they see me like I'm mini me
A mini me in my reflection is afraid of me
Afraid that if I ever get the money it's gonna change
me
I dont think so, at least lately
I'll never change! Unless they give me money
A humble bumblebee just stumbling on to my honey
Mumbling my life into a mic is kinda funny
People used to hate me, now they kinda love me

[Hook]

I'm coming up, and I ain't coming Down
It's Rio till' I die forever reppin' my town
Come on, Modafokas Come on
If I had a shot, I'd give it all I got
Gotta let em' know that I Rock
Modafokas Come on! Come On!

[Verse 2]

Daddy used to wash windows
Till he got a degree, worked, now he's uptown selling
windows

And he knows the hard work it takes
Working at the states for low pays and low wages, said
no way!
He made his own money, staying on his grind, so I
gotta put the time to my rhyme
Do it for the love! Do it cuz I had to be the one to beat
the odds
And show that there are people that are happily helping
the rapping helping me happen working with passion
And their actions, they give me cash man!
Got you in my clutch and I'm snapping like lobster
Ain't no talking to me, man I do it like a mobster
Robert Deniro, leave you mad red ted
Leave a horse head in your bed
Bring the wet sweat
I rumble
Came from the jungle
Work everyday, thank God, and stay humble!

[Hook]
I'm coming up, and I ain't coming Down
It's Rio till' I die forever reppin' my town
Come on, Modafokas Come on
If I had a shot, I'd give it all I got
Gotta let em' know that I Rock
Modafokas Come on! Come On!
