[Hook: Sarah Bareilles sample]

No words, but tears won't make any room for more
And it don't hurt, like anything I've ever felt before
This is no broken heart, no familiar scars
This territory goes uncharted

[Verse 1: Josbi]

Eu represento for the people in south now
Trying to get buzz but the fam wanna know how
Riding round down town play my songs loud
Starting to find a crowd that will really wanna rep Jos
proud
I got a few fans, I need a lot more
Played a few shows, but I really wanna tour
But I'm so far gotta work hard write bars
Gotta run more long yards to be a star
Seventeen with the dreams of making it big
Last straw give it all when I play in a gig
I'm Brazilian but resilient
I'll find a safe way to get signed and make a million
I'll find a way take a train or plane
You can't tame my brain because I love the game
I'm set to be a king but I'm living as a knave
I got big balls and luck favors the brave

[Hook]

[Bridge: Sarah Bareilles sample]

Just me, in a room sunk down, in a house in a town
And I, don't breathe, though I never meant to let it get
away from me
Now I've too much to hold, Everybody has to get their
hands on gold
And I want uncharted

[Verse 2: Josbi]

They wanna meet me but I'm off the map
They wanna find me cuz I'm good with the rap
You wanna have this gotta practice
Gotta make sure no one out there's really ever
gonna match this

Sometimes make you happy is something I can't
Half thoughts and half provoke dance
Labels don't believe me they don't see the
vision
A kid from the south who chills and likes spitting
Dirty modafoka, but I got charisma
Got a big a nose but no Bar mitzvah
Off the richter, when I drop a song
Call me Mr. never do it wrong
I'm Mr. Krabs with cash man dash really fast grab
all I can bring it back to my land
Been hustling from the day I started
No Billboards, I'm uncharted
