[Verse 1]

Im getting madder and madder at every rapper
who's better
But thinking that they're winning and grinning, who be
laughing - they're clever
Man I just herd up the cattle, tackle, dismantle the
battle rebel, quick and I'm giving them animal
looks and they baffle
Man I Fuck em, man I get the odds and I chuck
em
When they get to licky sucking, I wreck em make
em suffer, rougher and fuck em
Face it, I make you taste it, on a day to day basis, you
basic rappers are wasting your rhymes just erase
em
How did he do it?
How did he blew it
How did he knew that
His movement moving and mine is ruined in ruins
whaaat
And I'm a nice guy
But at this time I'm pretty pissed
So I'm calling shots and I won't Miss
Man I can rap I can speak fast I can be that
Man I wanna rip your mouth apart when you talking that
weak smack
See me as a peon, but I'm a pharaoh
All you haters get funny or die " Will ferrel

[Hook]

I'm Will Ferrel uh I'm Will Ferrel
Bumpin' like I'm old School, bumpin like camaros
I'm Will Ferrel uh I'm Will Ferrel
Gotta a megamind, see the future like Tarot
I'm Will Ferrel uh I'm Will Ferrel
Stranger than fiction, my life is nothing but a carol
I'm Will Ferrel uh I'm Will Ferrel
I'm a semi-pro but I'm known to cause peril

[Verse 2]

Quit it with who's who? who's cool? Who's

true? Who knew that new kid could do the do in this shit too?

I do my own stunts call me Hot Rod

Your hot not

Life's a bitch and you're a cock block

Eu ralo muito so pra ter o seu respeito

Sem jeito, fui feito do zero, mudei o seu conceito

I really gotta be on top of the game

Really gotta big a boss with a dame

Really gotta make it

Kinda feel hated

Wanna grill me? Man I feel like bacon

I'm going bananas, I'm not a normal rapper

Thought I told fuckers I'm Donald duck, I'm going quackers

A little kid with the happy shit, so immaculate

Spitting wicked magical musical type of nitsch

Guess I gotta be that dude no one else can be

I know I got a vision that you just can't see

I'll break in the game with a barcrowe - Sheryl

All you haters get funny or die Will Ferrel

[Hook]

I'm Will Ferrel uh I'm Will Ferrel

Listening to old School, bumpin like camaros

I'm Will Ferrel uh I'm Will Ferrel

Gotta a megamind, see the future like Tarot

I'm Will Ferrel uh I'm Will Ferrel

Stranger than fiction my life is nothing but a carol

I'm Will Ferrel uh I'm Will Ferrel

I'm a semi-pro but I'm known to cause peril
