YUSUKE:

Worn-out, we soak our fingertips  
In the dawn sky

HIEI:

Like the brilliant spring  
Embracing our memories

KURAMA:

Never let the moment end,  
Nor how many times we meet, either sparkling

KUZUMA:

It's our prized possession

ALL:

We are all together now shedding light on our season  
The sort of time we'll never forget  
You and I looked at the same ocean  
On that day

KURAMA:

Tears are warmer than the water  
The dreams we have,

YUSUKE:

I wish to convey their reasons  
And also the resulting words

HIEI:

As well as reviving love  
The pain also fades away

KUZUMA:

To stop running is what I only wish to feel

ALL:

Bathing in the light so begins our season  
The sort of time we'll never forget  
It also became windy for you  
On that day

YUSUKE:

We should walk on  
But we won't sleep tonight

KURAMA:

So that we'll all be together in the morning because of  
our love

ALL:

We are all together now shedding light on our season  
The sort of time we'll never forget  
You and I looked at the same ocean  
On that day

Bathing in the light so begins our season  
The sort of time we'll never forget  
It also became windy for you  
On that day

We won't forget  
It's what ties you and I together  
It's true I'm for you...
