YUSUKE:

A hot wind holds us
Like a warm season

HIEI:

Somewhere far away, the sky's colored
toward a dark midnight-blue

KURAMA:

The star-dust above decorates and hugs us tightly
These kind, caring feelings never sleep

ALL:

We're all shining strongly
Our day begins
Hope and love
we'll grasp with both hands

YUSUKE:

Suddenly in the sky, running (are)
Brave singing voices

KUZUMA:

Life, overflowing dreams
Now, are all gone

KURAMA:

Sometime again, we'll all happen to meet here, but
until then
These kind, caring feelings won't sleep

ALL:

Beyond a doubt all these things
believe in us all, once more again
Tomorrow I will still love you
Those memories will hold us

HIEI:

Don't say 'goodbye'!
Remember me when another day grows strong

KURAMA:

The star-dust above decorates and hugs us tightly
These kind, caring feelings never sleep

ALL:

We're all shining strongly
Our day begins
Hope and love
we'll grasp with both hands

Beyond a doubt all these things
believe in us all, once more again
Tomorrow I will still love you
Take a journey across time
