Just below the surface
Of an ordinary town
Burn the devils underground
Murder fills the skies above
My eyes upon the earth

Why didn't I realize?
See for the first time in my life defending

[Chorus]
All that remains
Drowning in flames
The same old story
But the names have all been changed
The fatal mistake you made
Was of all the hearts you'd slain
How you left alive
My bloody valentine

Gravity unshackles you
And now you float away
Looking back upon your grave
You can't outrun your shadows
You can only shut the lights

Pluck out your wicked eyes
See for the first time in your life
Defending

[Chorus]
All that remains
Drowning in flames
The same old story
But the names have all been changed
The fatal mistakes you made
Was of all the hearts you'd slain
How you left alive
My bloody valentine

Aiming at the enemy
I only smash the mirror

Pluck out your wicked eyes
See for the first time in your life
Defending

(chorus)
