(spoken)

Sometimes I need a lover
Sometimes I need a friend
Sometimes I need somebody

Take a look inside my heart, tell me what you think you
see

I may not be the easy girl, that you wanted me to be
Sometimes I need a lover
Sometimes I need a friend
Sometimes I need somebody, to hold me till the end

All I wanna do, is hold you in my hand
Cause you're the one for me,
I love you till the end
All I wanna do, is hold you in my hand
Cause you're the one for me,
I love you till the end

(C'mon ya'll)

Take a look inside my heart, tell me what you think you
need

You may not see that lovely girl, that you keep inside
your dream
Just try to be a lover
Or try to be a friend
Cause I will need somebody, to hold me till the end

(C'mon ya'll)

All I wanna do, is hold you in my hand
Cause you're the one for me,
I love you till the end
All I wanna do, is hold you in my hand
Cause you're the one for me,
I love you till the end
