### VERSE 1

And as the day begins to rise  
give a day for the life, liberty, trust in the american way  
I was taken by surprise  
To see the gate close tightly  
step in line was all I heard 'em say  
And as the day begins to lay  
across the land like a blind kid playing life as if it were  
a game  
I tried walking towards the light  
With my fist in the air, I turned my head and lost the  
fight

### CHORUS

And there's nothing left for me down here  
So why can't I just fly  
Away from all this pain and fear  
among the broken lights

### VERSE 2

Time will surely take it's toll  
  
wrinkled skin, grey hair, and turn all of you young to  
old  
I can't change my life i've tried  
and with this i'll never be a star in the sky

### CHORUS

### BRIDGE

And when I'm walking out the shadows  
help me free my mind  
wanna live for tommorow  
tommorow's just the end of time  
right  
dont you walk away  
right  
dont you walk away  
right

### CHORUS

CHORUS ADDITION

ive paid my dues  
ive walked that road  
and now i want to rise  
above the clouds where angels glow  
among the broken lights
