I remember the days
Love we sharing in so many ways
I see your smiling face
Something that my mind can't erase

I often wonder why
You had to leave without a goodbye
I would've been right there
I'll always be the one who cares

[Chorus]
Baby i can't get over you
All I want is to be with you
Baby I can't let go of you
Can't we try just one more time
Just one more time

Ooh, baby
Yeah
Another lonely night
Only you can make it right
I wanna be with you

This time I know that we can make it through
I just wanna say
That I will love you in every way
This time I will be true
There's no one I'd rather be with than you

[Chorus]

I wonder where you are
If you're near or if you are far away
Do I ever cross your mind
It doesn't have to be this way

Girl, i miss you more than words can say
All i want is to hold you
To kiss you
To look into your eyes just one more time
I'm sorry

[Chorus] X4
