it all started out
on a rainy day in the park
i got down on my knees
and said I need you

in your eyes
i can see
that it wasn't to be
now you're gone
i'm alone
now i can see

[pre-chorus]
you're running
you're going
you're leaving me today

[chorus]
you left me standing out in the rain
you left me with so much pain
it's never gonna be the same
without you in my life
'cause you left me standing out in the rain
you left me with so much pain
it's never gonna be the same
without you in my life

'cause you left me standing out in the rain

i ran across an old picture of you
it brought back the things that are so good in my life
one more chance
at your heart
a true love i've found
can you please
stop this rain
from falling down

[pre-chorus]
[chorus]

i don't know if i can keep living this way

i'm lost and alone and want this pain to go away
just give me one more chance to prove my love to you
please just stop this rain from falling down on me

[pre-chorus]

[chorus]
