Ooh!

Wind spins like the devil
Wraps around your home
Tears you from the roots out
Throws you like a stone
Well it..
May not be the first time
May not be the last

Standing in the ruins
A picture of our times
Searching through the rubble
For pieces of our lives
Well our..
Spirit won't be broken
Just take a look around
Take a look around

Come Hell or come high water
We'll stand together in the rain
Oklahoma
Where we don't forget our brothers and you won't
forget

the name..
Oklahoma

Every last survivor
Seen across this land
Miracles can happen
If you leave it in God's hands
Well
Either I know heroes..
Or there's people doing what they can
Oh what they can

Come Hell or come high water
We'll stand together in the rain
Oklahoma (Oklahoma)
Where we don't forget our brothers and you won't

forget

the name
Oklahoma

I'VE GOT TO BELIEVE!
I'VE GOT TO BELIEVE!

Bombs exploding when that rain will never change our
ways!

Wind spins like the devil
Wraps around your home
Tears you from the roots out
But it'll always be our home

Come Hell or come high water
We'll stand together in the rain
Oklahoma (Oklahoma)
Where we don't forget our brothers and you won't
forget

the name
Oklahoma (Oklahoma)
Come Hell or come high water
We'll stand together in the rain
Where we don't forget our brothers and you won't
forget

the name
Oklahoma
Oklahoma
Oklahoma
(Oklahoma)

Where the wind spins like a devil
And it throws you like a stone
Oklahoma

Where our spirits won't be broken

Oklahoma

Oh!

OKLAHOMA!
