How can you say
You love me and then react this way
You were my dream
You made me feel like a beauty queen
I saw you kissing her the way you kiss me
And that was all that I needed to see
Your lies are gonna get you

Liar!
You've been cheating on me
Liar!
Caught you with my best friend
Liar!
You've been deceiving me
Liar!

Your smooth-talking ways
That made me believe every word you say
I hadn't a clue
You were doing me wrong
And I never knew
How can anyone as rotten as you (ooh ooh)
Attempt to promise that you'd ever be true
Your lies are gonna get you

Liar!
You've been cheating on me
Liar!
Caught you with my best friend
Liar!
You've been deceiving me
Liar!

I feel so ashamed
There's nothing you could do to repair the pain
I'm living a lie
How could I hold my head up high
You got to realize this is the end
'Cause you lost me my truest friend
Your lies have finally got you
(Got you!)

Liar!
You've been cheating on me
Liar!
Caught you with my best friend
Liar!
You've been deceiving me
Liar!
