Like a frozen daughter  
To a man who likes to say:  
"You were no good, no"

With your blue eyes staring  
In a distant far from life  
You will loose it, loose it now

Could we save your life this time?  
I could hold your hand tight  
Rescue the life we had

Would you run from me this time?  
Even if I loved you?  
Leaving it all behind?

Come talk to me  
Come talk to me  
Come talk to me  
Come talk to me

In the air a thousand  
At least thousand feet up high  
I face this:

We will never follow  
We will never see what love is  
I'll leave this, we will die

Can I feel you up this time?  
I could eat your heart out  
Eat you like you ate me

Can you stay still here one time?  
Even if I forced you?  
See if my eyes can bleed

Come talk to me  
Come talk to me
