I have pulled out my heart, laid it right here for you,
And I tried so hard, that's the best that I can do,
Please understand I am not who I was,
You used to be all that I had, now you're just not what I
need,
I've got to get over you then I know, then I can get back
to me.

Tears forget, that's more than I can do,
'Coz they don't wash away, all the things we've been
through,
I've put behind me my share of the shame,
We can call villains but it's all in vain.
You used to be all that I had, now you're just not what I
need,
I've got to get over you then I know, then I can get back
to me.

All of my life I've waited, hoping, wanting you to see
me the way that I am,
But now I know, that I'm not alone... someone
understands...

You used to be all that I had, now you're just not what I
need,
I've got to get over you then I know, then I can get back
to me.
You've got to know that...
You used to be all that I had, now you're just not what I
need,
I've got to get over you then I know, then I can get back
to me.
Then I can can back to me,
(Then I can can back to me...)
Then I can can back to me...
