My world

You're stuck on a chain
And you're toeing a lie
It seems like every time that you catch up
You only fall behind

And you're trapped inside this world you made yourself
But that's not the world I live in
This is not the life for me
'Cause my world's bigger than your problems and it's
bigger than me

That's not the world I live in
This is not the life for me
'Cause my world's bigger than your problems and it's
bigger than me

There's always someone to blame
For the things you do to yourself, mmm
You think that everything
That's going wrong is because of someone else

And you're trapped inside this world you made yourself
And that's not the world I live in
This is not the life for me
'Cause my world's bigger than your problems and it's
bigger than me

It's not the world I live in
This is not the life for me
'Cause my world's bigger than your problems and it's
bigger than me

And it's bigger than me
Whoa

'Cause I'm on the outside
And I'm looking in

And that's not the world I live in
This is not the life for me

'Cause my world's bigger than your problems and it's
bigger than me

It's not the world I live in
This is not the life for me
'Cause my world's bigger than your problems and it's
bigger than me

'Cause my world's bigger than your problems and it's
bigger than me
