Faster and faster
The speed of our cancer
Bleeding me home
Chills through the bone
Fall to earth my sacred sparrow
In your wing a medicated arrow, no?
Now there's nowhere to go
Bleeding me home
Till the chains have come undone

From our souls
Maybe never was

The monster in the mirror
Tucks his fangs behind your smile
Please turn him back
Before you're under your own attack
You are so convincing

Now you're believing your own lies
And though you're back to stay
Still I can see you're miles away
Bleeding me home
Until the chains have come undone

From our souls
Maybe never was
Oh yeah
Haunted by the sun
Maybe never was

Spotlight gone cold
Set fire to all those tickets sold
Upon your violent ending
Will the world survive?
Out of control
There goes my hero
Back to earth my wounded sparrow
On your lips another poison arrow, no?
Now there's nowhere to go
Bleeding me home
Till the chains have come undone

From our souls
Maybe never was
Haunted by the sun
Maybe never was
