I hope you're doing fine out there without me
'Cause I'm not doing so good without you
The things I thought you'd never know about me
Were the things I guess you always understood

So how could I have been so blind for all these years?
Guess I only see the truth through all this fear,
And living without you...

And everything I have in this world
And all that I'll ever be
It could all fall down around me.
Just as long as I have you,
Right here by me.

I can't take another day without you
'Cause baby, I could never make it on my own
I've been waiting so long, just to hold you
And to be back in your arms where I belong

Sorry I can't always find the words to say
But everything I've ever known gets swept away

Inside of your love...

And everything I have in this world
And all that I'll ever be
It could all fall down around me.
Just as long as I have you,
Right here by me.

As the days grow long I see
That time is standing still for me
When you're not here

Sorry I can't always find the words to say
Everything I've ever known gets swept away
Inside of your love

And everything I have in this world
And all that I'll ever be
It could all fall down around me.

Just as long as I have you,
Right here by me.

And everything I have in this world
And all that IÂ'll ever be
It could all fall down around me.
Just as long as I have you,
Right here by me.
