"Kiss Me"

Living risky never scared
One closer to the edge
Nothing valued think no fear
Always wondering why you are here,
All your purposes are gone
Nothing is right and nothing is wrong
Another adventure nothing gained.
Feel no sorrow feel no pain.

Kiss me while i'm still alive,
Kill me while i kiss the sky
Let me die on my own terms
Let me live it let me learn
Now i'm following my own way
And i'll live on to another damn day
Free don't care he sacrifice
Remember when this world is my life.

Looking forward not behind
Everybody got to cross that line
Free me now and give me place
Keep me in cage and free the beast
Follow faster times go bye
Fear is not seen through this eyes,
What there was will never be
Now i'm blind and can not see.

Kiss me while i'm still alive,
Kill me while i kiss the sky
Let me die on my own terms
Let me live it let me learn
Now i'm following my own way
And i'll live on to another damn day
Free don't care he sacrifice
Remember when this world is my life.

Kiss me while i'm still alive
Kill me while i kiss the sky
Let me die on my own terms
Let me live it let me learn
Now i'm following my own way
And i'll live on to another damn day

Free don't care he sacrifice
Remember when this world is my life.
