Show me the road and i will find my own
You build your bridges and i'll burn em down
So far away and all alone i roam
I'll take my chances in the here and now

And all you wonder is who's for sale, well you wont
know now and i wont tell
Your always hiding throwing up your hands
While heroes ride again

[chorus]

And god only knows all the places ive been
But i love this life that i'm living in
I wont look back to regret yesterday
Were not handed tomorrow so i'll live for today

Another day and yet anothers done spending a life
living with in the past
I'll take the chance before the chance has gone
You never know when it'll be your last

But still you wonder who's for sale, well you wont know
now and i wont tell
Your always hiding throwing up your hands

While heroes ride again

[chorus]

And god only knows all the places ive been
But i love this life that i'm living in
I wont look back to regret yesterday
Were not handed tomorrow so i'll live for today

We'll know when we run out of time until its all over with
And there'll be no where to run
We'll never say it but we're over our heads and we're
drowning inside with all the things we've said

[chorus]

And god only knows all the places ive been
But i love this life that i'm living in
I wont look back to regret yesterday

Were not handed tomorrow so i'll live for today

God only knows all the places ive been
But i love this life that i'm living in
I wont look back to regret yesterday
Were not handed tomorrow so i'll live for today
