Rubber headed motor junky, run me down
And try to stomp me
Throw my life away, and I'll be worthless
Just like you

Somewhere now a baby's crying
Down the road his mother's dying
Shot a line and blew her mind and
Now she's turning blue

Don't you throw your life away
Just wait until another day
Don't you throw your life away
'Cause baby I can feel it

Don't you ever compromise it
Don't you even realize it
Don't throw your life away
'Cause baby I can feel it, now
Trip and fall, I'm sure you all can tell me
What is on the wall
Behind the liquor store where you get
Smacked up all the time

Perfect little life you wasted
Overdosed and that death you tasted
Scared you back into yourself
And now you walk the line

Don't you throw your life away
Just wait until another day
Don't you throw your life away
'Cause baby I can feel it

Don't you ever compromise it
Don't you even realize it
Don't throw your life away
'Cause baby I can feel it, now

Life away
Life away
Life away
