Light me a candle, I'm coming home  
Then leave it by your side where I belong  
I've been in this cold world for so long  
So light me a candle, I'm coming home.

I wanna feel the love that's in the hearts  
Of all the ones that make us who we are  
Thankful for the ones we have and what we have to  
give  
In this heart set love,  
That's where my Christmas lives.

Snow on the window, asleep by the fire  
Somehow these children never get tired  
Missing the ones that we wish were here  
Remembering the ones who look on but  
We don't shed a tear.

I wanna feel the love that's in the hearts  
Of all the ones that make us who we are  
Thankful for the ones we have and what we have to  
give  
In this heart set love,  
That's where my Christmas lives.

In these hearts set love,

That's where my Christmas lives

All along the halls are ringing  
Choirs singing, Christmas time is gone,  
In trees the lights are streaming  
Children gleaming Christmas time is gone.  
Ooohh we still knowing Christmas time is gone  
Ooohhh we still know.

I wanna feel the love that's in the hearts  
Of all the ones that make us who we are  
Thankful for the ones we have and what we have to  
give  
In these hearts set love  
That's where my Christmas lives.

I wanna feel the love that's in the hearts  
Of all the ones that make us who we are  
Thankful for the ones we have and what we have to  
give  
In these hearts set love  
That's where my Christmas lives.
