When we met light was shed
Thoughts free flow you said you've got something
Deep inside of you
A wind chime voice sound, sway of your hips round
rings true
Echo's deep inside of you
These secret garden beams changed my life so it
seems
Fall breeze blows outside, i don't bring stride
My thoughts are warm, and they go deep inside of you
Oh yeah
And I never felt alone
Alright, alone...alone
Till I met you
Friends say I've changed
I don't listen cause I live to be
Deep inside of you
Slide of her dress, shouts in darkness
I'm so alive I'm
Deep inside of you
You said boy make girl feel good
But still...deep inside...STILL!
I've never felt alone
Till I met you
I'm alright on my own
Till I met you
And I'd know what to do if I just knew what's coming
I would change myself if I could

I'd walk with my own people if I could find them,
And I would say that I'm sorry to you,
I'm sorry to you, but I don't want to call you,
But then I want to call you cause I don't want to crush
you,
But I feel like crushing you and it's true
I took for granted you were with me,
I breath by your looks and you look right through me
But we were broken and didn't know it
But we were broken and didn't know it
But we were broken and didn't know it
But we were broken and didn't know it
Right...oh, what's right?

Something's gone you withdraw and I'm not strong like
before I was
Deep inside of you
I can go nowhere I burn candles and stare at a ghost
Deep inside of you
And some great need in me, starts to bled
I've lost my self there's nothing left, it's all gone
Deep inside of you
Deep inside of you
