Here's a story of a girl
Living in a lonely world
A hidden note
A secret crush
A little boy who talks too much
Well, I'm standing in a crowd
And when you smile I check you out
But you don't even know my name
You're too busy playing games
And I want you to know
If you lose your way
I won't let you go

[Chorus]
If I cut my hair
If I change my clothes
Will you notice me?
If I bite my lip
If I say hello
Will you notice me?
What's it gonna take for you to see
To get you to notice me

Got your head up in the clouds
Tell me when you're comin down
No, I don't wanna sink your ship
It's not about the scholarship
And all the friends that follow you
Who tell you things that just ain't true
I'm the girl you never see
I'm the one you really need

And oh don't get me wrong
You better make your move
Before the moments gone
Tell me

If I cut my hair
If I change my clothes
Will you notice me?
If I bite my lip

If I say hello
Will you notice me?
What's it gonna take for you to see
To get you to notice me

I'm not like the rest
I just don't care if you're the best
You see, it's all the same to me
You just be who you want to be
It's all the same to me
And ohhh don't get me wrong (don't get me)
You better make your move
Before the moments gone
Tell me!

If I cut my hair
If I change my clothes
Will you notice me?
If I bite my lip
If I say hello
Will you notice me?

If I cut my hair
If I change my clothes
Will you notice me?
If I bite my lip
If I say hello
Will you notice me?
What's it gonna take for you to see
To get you to notice me
I'll get you to notice me...
I'll get you to notice me...
I'll get you to notice me...
