RAP:
You can't leave me now boo
I have plans for you
like buying a crib, having kids
everything I did revolved around you
my Haitian queen so I crowned you
thank GOD I found you

now nothing but love surrounds you
doves around you
so all the hard times emanced - that
feel me as I' m pouring my heart on the ZIN track
we went from holding hands to can't understand
why I called you my girl
I ain't even your man..Nah..come on mamie
Playing games like I ain't nothing
Like them five years didn't amount to something
Now come on mamie
Keep it real stop fronting
You hugging and loving
Come on mamie
Know the deal stop fronting
Or I'm gonna chill and let Alan
spit a little something like.....

Woyy..mamie, pa sa kite'm la
Woyyy..mamie, pa sa kite'm la
Pou janm konnen'm renmen'w
Anything you say I'll do, pa sa kitem la
Pou jan'm konnen'm damou'w
Eske w vle m mete ajenou, pa sa kitem la (2x)

Woy cheri pa lage'm, doudou pa kite'm
Kwe mwen' m dezole O se verite
cheri pa lage'm, doudou pa kite'm
Ave'w m vle rete pou letã nite

Please baby..an an han han (please don't you go girl u
know I love u)
Pa kite m darling an an han han (gotta be with u)
I' m sorry baby..an an han han (so sorry)
Pa kite m darling an an han han

Ouuuuuuuu doudou pa kite mwen
Woooo Cheri pa lage m
cheri m dezole
Pa kite mwen, pa lage mwen

please don't you go girl u know I love u
I want you , I need you, I love you, gotta be with u
