"Don't Believe"

Human, I can read your mind
Stranger, from your eyes don't weep
Clear your thoughts
Ease your mind

Chorus:
Don't believe a word
Unless it's proven true
You might just catch a spell
Damnation upon you

Teacher, learnin' from the card
Preacher, lovin' you is so damn hard

And the tales, that you tell

Repeat chorus

Liar, your brain is runnin' wild
Crier, elemental child
Sinner, playin' with your thoughts
Winner, are you feeling lost?

Solve the maze
Case the haze

Repeat chorus (*2 times)
