Staring at your picture,
the one i used to know.
everything about you now is so unpredictable.
you told me once that i could be anything,
but can't you see,
i can only be me.
well i'm trying to understand what you are all about,
but i'll never see,
whats so wrong with me,
and why you say thing will never work out.
The one i used to know is gone,
and you have always been wrong,

what happened to the one I used to know,
'cuz now you're a total stranger.
everything i learned from you was a lie,
cuz you're a hypocrite in disguise,
everything i learned from you was a lie.
i'm trying to understand what you are all about,
but i'll never see,
whats so wrong with me,
and why you say thing will never work out.
I guess i'll move on.
