You have no brain, talk to me when you grow one  
Dont lecture me on things in life youve never done

Your just a useless fucking peice of shit, a lonely low-  
life fucking hippacrit  
All things you are telling me I know aint so because you  
dont know shit and youll never fucking know

Open your mind, dont you sit there and tell me about  
the things you have no knowledge on  
Im not completely stupid, I know my rights from wrong,  
walk away now you peice of scum

Your just a stupid fucking peice of shit, a broken down  
pathetic hippacrit  
All things you are telling me I know aint so because you  
dont know shit and youll never fucking know

Back up your comments with a bit of reasoning  
Tell me something that your actually beleiving in

You think that what your telling me makes you real  
smart  
But in reality your just talking out your ass  
All things you are telling me I know aint so because you  
dont know shit and youll never fucking know

Open your mind, dont you sit there and tell me about  
things you obviously know fuck/shit all about  
Everyone can have their opinion without thinking that  
their ass provides our sun  
I see through your petty, fake disguise. I can see what  
beneath you really lies

These things your telling me I know aint so because  
you dont know shit and youll never fucking know  
You dont know shit and youll never fucking know

Dont you judge me and tell me what to do when you  
dont know who I am  
You make me sick with your passive aggressiveness,

when will you understand  
that you should mind your own business, and get that  
fucking chip of your shoulder  
Youll never understand

You dont know shit and youll never fucking know  
You dont know shit and youll never fucking know  
You dont know shit and youll never fucking know  
You dont know shit and youll never fucking know
