Hey buddy how are you, I just thought of you.  
And all the things we wanted to do.  
But one day we'll catch up on everything.  
Until then, I keep missing my my best friend, that I ever  
had.

Now I know how it feels to be all alone  
who holds my hand when everyones gone.  
I'm crying out loud when I walk trough the rain,  
I can't wait to see you in heaven again... again

My rooms wall's papered with the pictures we've made,  
to make sure that my memory of you wont fade.  
Your on dying, I'll thought you're gone.  
The world still belongs to you and keeps moving on  
and on and on and on.

Now I know how it feels to be all alone  
who holds my hand when everyones gone.  
I'm crying out loud when I walk trough the rain,  
I can't wait to see you in heaven again.

How could I forget your smile,  
maybe from time to time, you come by and say hi  
and never again goodbye... goodbye

Now I know how it feels to be all alone  
who holds my hand when everyones gone.  
I' crying out loud when I walk trough the rain,  
I can't wait to see you in heaven again.

Now I know how it feels to be all alone  
who holds my hand when everyones gone.  
I' crying out loud when I walk trough the rain,  
I can't wait to see you in heaven again...
