Why do i feel so bad? When your not around

Now your gone, i'm all alone . No one is there, when i
fall down . I'm hanging around, in your town.

Where everyone, keeps falling down .

Why do i feel so bad? When your not around

Now your gone, i'm all alone . No one is there, when i
fall down . I'm hanging around, in your town

Where everyone, keeps falling down

It's happend once again . I'm in love with my right hand
. Cuz you treated me to bad

Now i'm standing here alone . No one's up to come
around.

I wisper a song called "Falling down".
