Time stands still now
Silence is quiet now
All pain's gone for good

Take a picture of this structure
Set this moment free

I won't set in
I won't pretend to know everything
When time stood still
I was in...

No more taking
No more giving
Nothing's understood

Let me sleep now
Wake me up now
Capture everything I do

I won't pretend
That I know ths this is the end
This ain't the end
This is just my moment

I kiss my momories good bye
I tell myselft that this is right
Hold me tight / Hold me close
And then push me away from here
