The Truth hurts more than a lie
Here is my alibi
I'm an honest guy
And that was another lie
I'm trying not to laugh
When I beautify my past
This might cost me reliance
But I'm alright

Everthing that comes out
Out of my mouth is shit
I'm a trustable man
You need to get along with it
I'm trying not to laugh
When I beautify my past
This might cost me reliance
But I'm alright

I'm sorry baby
You believed in everything I say'd
Just come up with a lie
And you'll see that it's alright

I'm sorry baby
You believed in everything I say'd
Just come up with a lie
And you'll see that it's alright

Sometimes it's better to shut
Your mouth and listen up
Your life is boring
So think of something
When just try not to laugh
When you beautify your past
This might cost you reliance
But you're alright

I'm sorry baby
You believed in everything I say'd
Just come up with a lie
And you'll see that it's alright

I'm sorry baby
You believed in everything I say'd
Just come up with a lie
And you'll see that it's alright

The Truth hurts more than a lie
The Truth hurts more than a lie
