It's complicated, you are jaded and so am I
It breaks my heart to break your heart
That was a lie (lie baby, lie)
I'm still standing with both of my feet
On your throat
I wanna hear that sound
I love to hear you choke

This one goes out to all of my so called
Friends
Your life is a mess

Go to hell & stay there
I'm waving you good bye
Face your death in single file

You hang on every word I say
Hip Hip Hurray
Fuck, Shit, Bitch, Ass, Slut
Nananananana
I'm still standing with both of my feet on
Your throat
I wanna hear that sound
I love to hear you choke

Go to hell & stay there
I'm waving you good bye
Face your death in single file
