You will, you won't  
You do, you don't  
You sayin' you will,  
But you know you won't

You may, you might,  
Your chest gets tight,  
You say you love day,  
But you come out at night.

While your thinkin', thinkin', thinkin' up a storm in you,  
All the things you're thinkin' are they False are they  
True?  
You know the dipsydoodle rag, it tells no lie,  
But all the things your thinking, well you're tricking your  
mind.

You will, you won't  
You do, you don't  
You sayin' you will,  
But you know you won't

You may, you might,  
Your chest gets tight,  
You say you love day,  
But you come out at night.

Well the devil's standing tall on the top of the hill,  
Pointing down his fork and betraying your will,  
You gotta make decisions whether old or new,  
Then God comes from the heavens and he'll say to you

You will, you won't  
You do, you don't  
You sayin' you will,  
But you know you won't

You may, you might,  
Your chest gets tight,  
You say you love day,  
But you come out at night.

Well i've tried so hard, i've tried so hard,  
To make it right, to make it right,  
I'm gonna bury my thoughts and forget all my worries  
tonight.

You will, you won't  
You do, you don't  
You sayin' you will,  
But you know you won't

You may, you might,  
Your chest gets tight,  
You say you love day,  
But you come out at night. (x2)
